SPEECH

Mr. Le Hoang Tai

Deputy Director of bureaus – Vietnam Trade Promotion Agency

Ladies and gentlemen, to all of the guests,

On behalf of Vietnam Ministry of Industry and Trade, I would like to welcome all of you attending SaigonTex Expo 2022 today.

Ladies and gentlemen,

Textile and garment industry plays a very important part in Vietnam economy. MOIT always highly appreciate the importance and contribution of the industry, thanks to its ranking as the 3rd export value annually on all over the world and its crucial role in social security stabilization as well as jobs creation with better workers income (2 or 3 times higher than workers in the agriculture sector) Nowadays, Vietnam textile and garment industry generates jobs for about 2.5 million workers, with export turnover around USD40 bil per year. Yearly worker income is around USD3800 annually. With export turnover targeting USD 70 bil in 2030, textile and garment industry could provide jobs for 4 mil of workers directly and 1,5 mil workers working in the supporting industry.

Despite high export turnover, the value added in each product is not as expected. The bottleneck of the industry remains in the raw material dependence, and has not developed in competence with the upstream in the supply chain. Besides, labor productivity is still low in comparison with other competitors, accompanied with average level technology. Therefore, in its very next stage of development, Vietnam textile and garment industry should integrate more into the world supply chain, move up to more value -added linkage in the chain like design, raw materials production, distribution.etc

In order to achieve these goals by 2030, Vietnam Textile and Garment Industry need to change their mindset on vision and strategy, in which focus on building a complete and big scale supply chain, facilitating modern equipments with high automation, automatic administration by real time as well as green and ecofriendly production.

After a long time of Covid 19, this year SaigonTex 2022 is once again organized, creating a common playground for many enterprises, both domestic and abroad, mostly from high technology country with developed textile and garment industry. I personally think this is a great opportunity for enterprise access modern equipment and facilities, updated technology, generating basis for investment orientation in the future. The expo is also a good chance connecting buyers and suppliers, promoting trade between Vietnam and other nations on all over the world.

Ministry of Industry and Trade, always supports this kind of promotion activities which enhance the development of the industry, and SaigonTex is effectively organized annually.

On behalf of Ministry of Industry and Trade, I wish SaigonTex 2022 big success. Wish all the guests good health, happiness and success. Thank you!

Please contact Mr. Jason Chow (Email: jason@cpexhibition.com)
Tel: +852 25117427, Fax: +852 25119692 for details of upcoming expos.

SPEECH

Mr. Vo Tan Thanh

Vice President of the Vietnam Chamber of Commerce and Industry (VCCI)

Dear Representative Leaders of Consulates General, Trade Office;
foreign business associations in Vietnam; Departments,
Associations of Ho Chi Minh City and southern provinces.

Ladies and gentlemen,

First of all, on behalf of VCCI leaders, I would like to warmly welcome all of you to the Opening Ceremony of the International Exhibition of Textile & Garment Industry – Fabric & Garment Accessories “SAIGONTEX- SAIGON FABRIC 2022” today.

Ladies and gentlemen,

Textile and garment is one of the key manufacturing industries of Vietnam's economy, accounting for 12-13% of the country's total export turnover. An industry that creates many jobs for labors, always plays an important role and makes great contributions to the development of the country's economy.

In the past two years, despite of being heavily affected by the Covid-19 epidemic such as disruption in the supply of raw materials, narrowing of the consumption market, etc., with the proactiveness and flexibility in production and business operations, the textile-Garment industry of Vietnam has gradually overcome difficulties and achieved remarkable achievements.

Vietnam's textile and garment exports in 2021 reached \$39 billion turnover, up 11.2% compared to 2020 and up 0.3% compared to 2019. Vietnam's textile and garment export market share has surpassed Bangladesh, rose to the second position in the world and was rated highest position in the recovery opportunity in 2022 by many international organizations

Textile and garment exports in the first 6 months of 2022 are estimated at about 22 billion USD, up 23% year-on-year. This is an impressive figure for the textile and garment industry in the context of having gone through a difficult period due to the Covid-19 epidemic. Although there are still many challenges ahead such as complicated disease situation, high rise of raw material prices and transportation costs, fluctuation of human resources... but with determination and the right strategies to overcome difficulties and utilize existing advantages, we believe that the textile and garment industry will continue to develop to achieve the export target of over 40 billion USD for 2022.

Please contact Mr. Jason Chow (Email: jason@cpexhibition.com)
Tel: +852 25117427, Fax: +852 25119692 for details of upcoming expos.

In order to promote the production of textile and garment enterprises in the coming time, alongside with the cooperation between domestic enterprises, the cooperations with foreign enterprises and investors to establish supply chain and expand export market are also essential. For that purpose, the Vietnam Chamber of Commerce and Industry, Hochiminh city Branch (VCCI HCM) has cooperated with Vietnam Textile and Garment Group (VINATEX) and CP Exhibition Company to organize the International Exhibition of Textile & Garment Industry, Fabric & Garment Accessories “SAIGONTEX- SAIGON FABRIC 2022”. This is a good opportunity for textile enterprises of Vietnam and other countries to display and introduce products, materials, advanced machinery and equipment for the industry; This is also an opportunity for domestic and international enterprises to meet, exchange and understand the requirement for business cooperation and production development. Hoping that exhibitors from 18 countries and regions will gain good results from this exhibition.

Ladies and gentlemen,

During the exhibition period, in addition to displaying products and discussing directly at the booths, with the cooperation and support of textile industry management and supporting units such as VITAS, VINATEX, AGTEK, Ministry of Industry and Trade, etc. Particularly, with financial support of COTTON USA, (05) Five seminars will be held to update policies, provide solutions and measures to help Textile-Garment enterprises to obtain useful information for business planning to overcome difficulties and challenges to improve production capacity, competitiveness, as well as be ready for international Garment Textile market integration.

On this occasion, on behalf of the Organizing Committee, I would like to sincerely thank the patronage and cooperation of the Ministry of Industry and Trade, the HCM City People's Committee, Vietnam Textile and Apparel Association (VITAS), HCMc. Garment-Textile-Embroidery and Knitting Association (AGTEK) for the success of the exhibition. Cuối cùng, xin kính chúc Quý vị đại biểu cùng toàn thể các doanh nghiệp Việt Nam và Quốc tế lời chúc sức khỏe và thành đạt. Chúc cho Triển lãm “SAIGONTEX- SAIGON FABRIC 2022” thành công tốt đẹp.

Finally, I would like to wish all delegates, Vietnamese and international businesses good health and success. Wishing the exhibition “SAIGONTEX- SAIGON FABRIC 2022” a great success.

Thank you very much.

SPEECH

Mr. Vu Duc Giang Chairman of Vietnam Textile and Apparel Association (VITAS)

According to Mr. Vu Duc Giang - Chairman of Vietnam Textile and Apparel Association (Vitas), Vietnam's textile and garment industry has experienced ups and downs in 2021 and in the first 6 months of 2022, the total export turnover of the whole industry has reached 22 billion USD. 2022 goal is the industry will achieve an export turnover of 42-43 billion USD. Therefore, at this exhibition, the textile and garment industry have five big goals.

Firstly: provide the latest information of equipment, technology, especially digital management for enterprises of Vietnam's textile and garment industry.

Two: create a connection for enterprises of equipment, technology, materials, textile and garment manufacturers to improve supply shortage situation

Three: this is also an opportunity for Vietnam's textile industry, the Vietnam Textile and Apparel Association to encourage foreign and domestic investors to invest in the short supply section, especially in fabric and fabric products. weaving and knitting to reduce raw materials in the upcoming time.

Four: Vietnam already has 15 FTAs that have been effective recently, creating a global playground for businesses to diversify markets, products as well as motivate enterprises to start reaching to more potential markets from trade agreements.

Five: implementing the green development program of Vietnam's textile and garment industry, sustainable development, energy saving, renewable energy, especially rooftop solar, to create a sustainable development solution for brands when placing orders for in Vietnam. This is one of the solutions that Vietnam's textile and garment industry strives for in a 2025-2030 vision.

SPEECH

MR CAO HUU HIEU GENERAL DIRECTOR OF VINATEX

Ladies and Gentlemen,

After an interrupted period due to Covid 19, today I am very glad that SaigonTex is organized this year 2022. Vietnam Saigon Textile & Garment Industry, Fabric & Garment Accessories Expo 2022 has been organized for 32 years and could be considered as a leading commercial expo in Vietnam textile and garment industry. The success of this event is contributed by well known and experienced organizers, by manufacturers, traders, suppliers and buyers both from domestic and abroad.

Ladies and Gentlemen, Textile and Garment is one of those industries that was early formulated and developed. Going through major industrial revolutions, Textile and Garment has achieved outstanding development in technology and products.

Please contact Mr. Jason Chow (Email: jason@cpexhibition.com)
Tel: +852 25117427, Fax: +852 25119692 for details of upcoming expos.

Nowadays, in the context of the Industry 4.0 era, textile and garment industry is growing strongly, not only by machinery and equipment automation, but also by real time production management system. Besides, updated technology in textile and garment pays more attention to green production issues, trying to find solutions with aims to limit the use of chemical, to use resources effectively and to consume more renewable energy. Especially, in the new industrial revolution, technology generation grows rapidly, urging businesses to adapt accordingly, in order to keep up with changes and maintain their competitiveness.

Being a key industry in Vietnam economy, with high export turnover and jobs secure for a large number of workers, Vietnam's textile and garment industry has received attention from Vietnam policy makers. In long term plans issued by the government for textile and garment industry, independence on raw materials to meet new Free trade of agreement requirements on the rules of origin has been emphasized. At the same time, other objectives are mentioned, such as strengthening management capacity, innovating technology, and upgrading to higher value-added sections of global textile production chain. As the leading enterprise of the textile industry, Vietnam National Textile and Garment Group is always aware of its role in promoting the development of the whole industry. Therefore, for many years, Vinatex has cooperated with Vietnam Chamber of Commerce and Industry and CP Exhibition Co to organize trade promotion and business matching programs, including SaigonTex 2022. This is a great opportunity for enterprise access modern equipment and facilities, update technologies in keeping with current global trends.

With a scale of more than 10000 square m2, this year SaigonTex attracts 278 suppliers from 16 advanced countries and territories including: China, Germany, Hongkong, India, Indonesia, Italy, Japan, Korea, Malaysia, Pakistan, Singapore, Taiwan, Thailand, Turkey, The UK, USA and Vietnam. Those suppliers will show the best facilities, new raw material and up to date technology for textile and garment. Besides, during the 4 days from July 27 to July 30, we organize interesting seminars and will share useful information, with great views from domestic and international experts, updating the situation of raw materials, trade, technical perspective, new machinery and equipment in the textile industry. Those conferences are hosted by Vitas, Vinatex, Agtex, Trade Remedies Authority of Vietnam and sponsored by CCI (Cotton Council International). I hope those sessions meet participant expectation.

Once again, on behalf of Vietnam Textile and Garment Group, I would like to send my sincere thanks first for the great supports of the Ministry of Industry and Trade, for all government unit of Hochiminh city, for creating favorable conditions. so that trade promotion activities, trade fairs and exhibitions of the textile and garment industry are organized in a convenient and effective way. We wish Vietnamese textile and garment enterprises as well as suppliers from 16 countries and territories engage in new cooperation activities and achieve great success.

I wish you all good health, happiness, wish The Expo great success!

On behalf of organizers, I declare the opening of Vietnam Saigon Textile & Garment Industry, Fabric & Garment Accessories Expo 2022
